

OPPI Announces New President and 2019-2020 OPPI Council

The Ontario Professional Planners Institute (OPPI) is pleased to announce Justine Giancola, RPP, as its new President.

The announcement took place at OPPI's 2019 Annual General Meeting during OPPI19: Beyond25.

“Our RPP members play an important role in communities across Ontario by being the experts decision makers turn to when informing local choices and inspiring communities, and I am honoured to be leading OPPI as President during this critical time for the planning profession in Ontario,” says Giancola. “I, along with my colleagues on OPPI Council, know there is much to accomplish over the next two years to ensure the voice of planning is being heard loud and clear, communities across Ontario continue to benefit from RPP expertise, and that OPPI continues to provide exceptional value to its members.”

Justine is a passionate land use planner, who guides her public and private sector clients across Ontario through many of their most challenging growth and policy decisions. Her experience spans land use policy, municipal planning approvals, environmental planning and corporate sustainability. She is motivated by the opportunity to improve the health and sustainability of our communities, and this shines through in her work and in her day-to-day life.

Also, OPPI is pleased to announce its 2019-2020 Council. Elections for

five Council Director positions were held earlier this year and saw several returning members rejoin Council along with several new members, including a new Public Interest Representative.
